Substance Abuse and Mental Health Services Administration

FOREWORD

The Substance Abuse and Mental Health Services Administration (SAMHSA), Office of Applied Studies (OAS) is pleased to present the 1992 National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs. The Directory is based on data obtained from the National Drug and Alcoholism Treatment Unit Survey (NDATUS), a national survey that is designed to measure the location, scope, and characteristics of drug abuse and alcoholism treatment and prevention facilities, services, and activities throughout the 50 States, American Samoa, the District of Columbia, the Federated States of Micronesia, Guam, Puerto Rico, the Trust Territories, and the Virgin Islands. The 11,632 alcoholism and drug abuse treatment and prevention facilities that voluntarily participated in the September 1992 NDATUS are listed in this Directory.

This publication is designed to provide an important resource for those seeking referral information about treatment, prevention, and other services in alcoholism and drug abuse facilities. It is hoped that the publication of this Directory will stimulate further communication and cooperation within the alcoholism and drug abuse treatment and prevention communities.

The Substance Abuse and Mental Health Services Administration, Office of Applied Studies is very grateful to all those who participated in the 1992 survey.

INTRODUCTION

The National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs is a compilation of approximately 11,632 Federal, State, local, and private facilities responsible for the provision of alcoholism and drug abuse treatment and prevention services throughout the 50 States, American Samoa, the District of Columbia, the Federated States of Micronesia, Guam, Puerto Rico, the Trust Territories, and the Virgin Islands. The information included in this Directory was extracted from the 1992 National Drug and Alcoholism Treatment Unit Survey (NDATUS). Conducted by the Substance Abuse and Mental Health Services Administration (SAMHSA), Office of Applied Studies (OAS), this survey collected information on all known alcoholism and drug abuse services and clients in treatment on the point prevalence date of September 30, 1992.

The Directory has been prepared to serve as a resource for program managers, treatment personnel, researchers, the Center for Substance Abuse Treatment Hotline, and others interested in the location and selected characteristics of alcoholism and drug abuse facilities. The Directory includes treatment, prevention, and other non-treatment service facilities. The NDATUS is the only survey that includes private as well as publicly funded programs. Data collected from all treatment units include unit identification, type, and scope of services provided, client capacity and utilization, selected client characteristics (including age, gender, and race/ethnic group), sources of funding, and staffing. Prevention facilities complete a partial survey, which includes data on unit identification and types and scope of services provided.

Some treatment facilities may not be listed in this National Directory because of variability in the reporting level of units. States were given the option of allowing units to report aggregate data at the administrative or program level rather than at the individual clinic unit level. Under this option, a program consisting of a number of clinics may report data for the entire program on one survey form rather than submitting a separate survey form for each clinic in the program. If the choice was made to report at the program level, then the program-level entry is the only one that appears in this Directory. Decisions to report at the program level are made at the State level and the degree of program level reporting varies within and across States. Data are not available on changes in program level reporting.

The Directory consists of listings of State authorities, State prevention contacts, and alcoholism and drug abuse treatment and prevention facilities. Also included are programs administered by the Department of Veterans Affairs, the Indian Health Service, the Federal Prison System, and the Department of Defense. Within each State, all facilities, including the Federal programs, are alphabetized by city and facility name within that city. Each facility listing consists of the facility name, address, telephone number, hotline number (if applicable), and types of services provided. The types of services are designated by coded entries on the last line of each facility's description. These codes are defined in a key that is printed at the bottom of the first page for each State.

Single copies of this Directory are available in limited numbers from the National Clearinghouse for Alcohol and Drug Abuse Information (NCADI), P.O. Box 2345, Rockville, Maryland 20852. Additional copies may be acquired through the Superintendent of Documents, U.S. Government Printing Office, North Capitol Street, Washington, DC 20402.

For copies of other NDATUS products as well as other Office of Applied Studies publications, complete and mail the form located at the back of this Directory. Treatment, prevention, or other service facilities not listed in this Directory can be included in future surveys and directories by completing the information on the last page of this Directory and returning it to the indicated address.

KEY

A line of code is shown for each unit listed in the Directory. This enables users to determine at a glance, the Orientation, Type of Care, Selected Special Programs, Third Party Payments, and Unit Function at each unit. The coding key is reproduced at the bottom of the first page for each State, as follows:

****KEY****

Orientation:

AL = Alcoholism Services only
DA = Drug Abuse Services only
AD = Alcoholism and Drug Abuse Services

Type of Care:

DT = Detoxification (24-hour care)
RR = Residential (24-hour care)
AM = Ambulatory (less than 24-hour care)

Selected Special Programs:

W	= Women	AI	= American Indians/Alaskan Natives
Y	= Youth	PG	= Pregnant Users
A	= AIDS Patients	PI	= Public Inebriates
B	= Blacks	HV	= HIV Positives
H	= Hispanics	DW	= DWI/ASAP
		CU	= Cocaine Users

Third Party Payments:

MC = Medicare
MD = Medicaid
PR = Private Insurance
CH = CHAMPUS

Unit Function:

TX = Treatment
MM = Methadone Treatment
PV = Prevention
CI = Intake/Assessment/Referral
SS = Sobering-Up Station
CS = Collateral Services
